DETAILED ACTION

Response to Amendment

1. Applicant's cancellation of all rejected claims is acknowledged and the after-final amendment filed 5-9-07 is hereby entered. The finality of the rejection of the last Office action is withdrawn and this case is now in condition for allowance except for the formal matters indicated below.

Practice under Ex parte Quayle

2. This application is in condition for allowance except for the following formal matters:

a) The abstract of the disclosure is objected to because the length and not one paragraph. Correction is required. See MPEP § 608.01(b).

Applicant is reminded of the proper language and format for an abstract of the disclosure:

The abstract should be in narrative form and generally limited to a single paragraph on a separate sheet within the range of 50 to 150 words. It is important that the abstract not exceed 150 words in length since the space provided for the abstract on the computer tape used by the printer is limited. The form and legal phraseology often used in patent claims, such as "means" and "said," should be avoided. The abstract should describe the disclosure sufficiently to assist readers in deciding whether there is a need for consulting the full patent text for details.

The language should be clear and concise and should not repeat information given in the title. It should avoid using phrases which can be implied, such as, "The disclosure concerns," "The disclosure defined by this invention," "The disclosure describes," etc.

b) New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because drawings of record are informal in nature and formal drawings are now required.

Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

3. Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
